# South Carolina State Report Card

State and federal laws require public schools to release report cards to the public each year. This year, the report card has been updated to reflect changes in reporting directed by the SC Education Oversight Committee. Schools will not be rated for state accountability purposes until Fall 2017 when the state will transition to a single accountability system. The following reports student performance in school year 2014-15.

## WORLD CLASS SKILLS & LIFE AND CAREER CHARACTERISTICS

*Our school is helping all students develop the world class skills and life and career characteristics of the Profile of the Graduate by ...*

GREEN Charter's enrollment for the 2014-2015 school year was 480 students in grades K-7. Our student population is extremely diverse representing over 20 countries. Our student to teacher ratio is 1:16. This low ratio allows us to tailor instruction for each individual student, challenging the gifted student and offering intervention services for our low achievers. Data is disaggregated 3 times per year through MAP and Benchmark tests. This data drives the instruction allowing the teachers to meet the needs of our entire population including ESOL, Gifted and Special Education. We implemented the NEED curriculum, Green Steps and Experiential Learning across all grade levels. NEED is dedicated to promoting an energy conscious and educated society by providing a multi sided Energy curriculum. Green Steps is an environmental action committee that recognizes schools that take annual sustainable steps toward becoming more environmentally responsible. Some of our experiential learning activities included raising laying hens, and growing trout from egg to fingerling before releasing them at Table Rock State Park. These facets of our curriculum support the mission of GREEN Charter in providing students with developing an understanding of environmental sustainability, renewable energy and technology to enhance student achievement. GREEN Charter is thrilled with the opportunity to serve the educational needs of our community. We greatly appreciate the support we have received from our families and surrounding neighbors. Our success is directly tied to the partnerships that have been formed and the dedication of teachers, staff, students and parents. As we continue to strive for excellence, we look forward to the ongoing development and growth of GREEN Charter School here in Greenville, SC.

\* 21st Century core courses in Social Sciences include History, Geography, Economics, Government and Civics.
